New staff have been groomed to fulfil these positions.

Both ladies have been long time swimmers and employees of the program and have a great amount of knowledge and understanding with swimming. Please make yourself known to the ladies if need be. TAS is confident that both ladies will continue to provide all clientele with the best possible service.

Parents & Pool Deck Access

All parents and spectators are asked to sit in seating area upstairs. This is to minimise distraction to swimmers and teachers while allowing the pool deck to be free in case of evacuation.

Exceptions are extended to clients who have children with a medical condition.

Parents with prams may ask the front office for a seat to be placed at the far end of the main pool. Prams are not permitted next to the pool.

Parents needing to ask questions about their child's progress are asked to speak to front office staff or senior teacher.

It is inappropriate to approach your child's instructor as it can interrupt the lesson time of your child and other children in the program.

Please be considerate of other paying clientele.

TAS LTS Development & Servicing

TAS prides itself on delivering the best aquatics program for your family.

We have a strong belief that technique is the vital ingredient for swimmer improvement. Some children may take a little longer than others to learn and perfect certain skills.

We ask for your patience and if you have any queries then our senior teaching staff will be more than happy to assist.
