

## 4th March 2009 Club Night Results

Please [Click Here](#) for all results.

Note: Some swimmers swam the same event more than once, so only the fastest time is recorded.

Event 9 was a "Choice of Stroke" event and has been shown as 50 free. The time entered reflects the time actually swum by the individual during event 9 who should know which stroke they swam.

A separate event, event 12, had to be set up as a swimmer swam the 10/u 50 fly at age 11. NB: This is not a problem, we just had to account for the result under a separate event number.

A special thanks goes to all athletes who participated and to the parents and coaches who helped out on the night.
